SOLID, LIQUID, AND GAS

LIVE-ACTION COMEDY-DRAMA SERIES OVERVIEW

In a last-ditch effort to reinvent herself, a struggling educator must win the host role in the beloved children's tv series *STARPOWER!*, only to face the original host's legacy and a public resistant to inclusivity.

WHY NOW?

We're living in an era of scientific skepticism and distrust in education. For the *Blue's Clues* generation, host Steve shared puzzles we solved through kindness and listening.

Today, the same generation is grappling with an anti-truth reality and mental health crises. *Solid, Liquid, and Gas* is a direct response to this, by using children's programming devices to dismantle complexities of adulthood. It asks: **How do we stay solid when the world is evaporating around us?**

The story investigates the **states of matter** (solid, liquid, gas, and plasma) as a metaphor for personal transformation.

CHARACTERS

MAIN CHARACTERS

TRINI "RAY" REYES is a struggling 29-year-old Filipina American educator and puppeteer with a passion for science communication. She often breaks the fourth wall to speak directly to the camera, sharing cynical thoughts about the world, her personal failures or asking viewers to make a choice. She likes taking up space but is incapable of pausing to listen. She can speak Tagalog.

KWAN "SUNSHINE" REYES is Ray's 24-year-old little brother, an astronomy graduate student at Michigan State University and member of a local neurodivergent theatre. He got his nickname in college. Unlike Ray's manic energy, he is grounded and uses scientific logic to calm down Ray. His dead-panned humor often interrupts her fourth wall breaks. He can speak Tagalog.

MS. AURORA STARLING is an educator with a huge following and the frontrunner to be the host of *StarPower!* Despite seeing Ray as a theatre camp and STEM club bestie, she is unknowingly seen by Ray as her longtime rival. She often breaks the fourth wall to speak directly to the camera, sharing positive thoughts about the world or her personal achievements.

BILLY CLAYTON DUBOIS is the original host of *Stardust*. He left the show in 2006 due to his clinical depression and a drunk driving accident. He initially rejects Ray when she comes to him for guidance but becomes her mentor after finding out River and Skye are reviving the series without him. He exhibits cartoonish energy and often speaks to an invisible audience but misses the camera's gaze.

RIVER MATTHEWS is the co-creator of *Stardust* and its revival *StarPower!* She voices both titular characters. She is very protective of the brand and takes every chance she can to rid *StarPower!* of any flaw that *Stardust* had. Though she never breaks the fourth wall, she is aware of it like Ray.

SCHUYLER "SKYE" PARK is a co-creator of *Stardust* and voice actor. They are open-minded and look out for Ray's wellbeing, unlike River. It may be due to Clay's 29th birthday drunk driving accident long ago. In the early 2000s, they were male representing but have since come out as non-binary. Though they never break the fourth wall, they are aware of it like Ray.

YASMINE "YLEM" (E-lehm) LEM is the primary animator, designer, and puppeteer of the *Stardust* franchise. Like her cartoons, she is very animated.

SAMPLE SCENE

INT. PEANUT BARREL - DAY

The waiter waits on Ray and Aurora to answer, looking weirded out.

RAY

(to camera; cynically)
Should I commit a crime against humanity or be a model citizen? *Crime or no crime*?

AURORA

Don't mind us, host. We look to our viewers for answers.
(winks at camera)

RAY

You answered crime? Crime, it is!
(to the waiter)
A slice of *pineapple* pizza, please!
(to camera)
Now, do you see the loser in the room?
(pointing a finger around)
Lemme know when to stop, *maybe Ms. Aurora*.
(her finger land on herself)
Stop here?! That's how it is, you absolute jerks…

AURORA

Ray, have you lost the plot? You've got a deadline to finish the spec. I need to memorize lines now.

Why do bad things keep happening to me?

Aurora swiftly rises from the opposite side of the bed.

Could it be because you keep making bad choices, Ray?

Ray points to the camera.

RAY
They keep telling me to make bad choices.

AURORA
(to camera)
Are you telling my bestie Ray to be a baddie? No? Good.
(to Ray)
They said "no."

RAY
(to camera)
Thanks for nothing.

AURORA
Shall we sing about your troubles, Ray?

RAY
No, no! Anything but singing.

SEASON ARCS (TENTATIVE)

SEASON 1

Ep	Title	Plot Summary
1	Inner Child Serial	In 2025, struggling educator Trini “Ray” Reyes faces the end of her theatre career after accidentally incinerating her touring production’s puppet show. Blacklisted and facing eviction, she finds hope in a viral video from Clay, the host of the childhood science show *Stardust* that once helped her and her brother, Kwan, survive family trauma. Ray travels to Michigan to pitch herself to the show’s original creators, River Matthews and Skye Park, during an arts fair, but she is dismissed as unprofessional. After secretly recording a conversation where she learns a revival has been greenlit but that her polished rival, Ms. Aurora, most likely will host without any auditions, Kwan helps Ray track down a disillusioned, messy Clay in Brooklyn.
2	Who Does Not Belong? Serial	When Clay discovers that the show’s creators, River and Skye, plan to hire Aurora without holding auditions, Ray and Clay film a rogue audition video at Clay's apartment. Their video goes viral and sparks a global wave of auditions. To avoid a PR disaster, the network is forced to scrap their plans and announce a legitimate casting process, putting Ray back in the running for the revival. Ray performs well and gains massive grassroots following, but the network ultimately chooses her rival, Ms. Aurora, for the host role to keep a safe image.
